*General Fees*

DESCRIPTION	AMT/UNIT
-------------	----------

**Disconnect Fee**

Whenever any service is terminated for nonpayment as provided for in Section 14.04.191 of the Arkansas City Municipal Code, the customer shall owe to the City, in addition to all incurred costs and fees for services provided, a disconnect fee of Thirty-Five Dollars (\$35.00). The City will waive such disconnect fee should the entire overdue balance be paid in full by a non-profit and/or charitable organization.

**Payment of Bills**

A. All accounts payable to the City for water and other services shall be due and payable upon receipt and shall be deemed delinquent if not paid on or before the delinquent date, which shall be no less than 25 days after the billing statement is issued. Those accounts not paid in full on or before the delinquent date shall be assessed a penalty of five percent (5%) of the amount due shown on the billing statement. For those accounts not paid in full on or before the delinquent date following the billing date, all accounts and charges currently owed shall become immediately due and shall be deemed delinquent.

B. Service at other locations, or new service to any address, may be refused by the City until the previous delinquent accounts as indexed against the new customer are paid in full; should the City become aware of service to an existing account holder which is delinquent for nonpayment at another address, existing service may be terminated if the delinquent accounts are not paid within forty-eight (48) hours after notification is sent.

C. The account holder shall pay all costs the City pays to a third party to collect the delinquent account, including, but not limited to, court costs, attorney's fees of 33.33 percent of the delinquent amount, and/or any other collection agency fees, including a 25 percent fee on accounts sent to the Kansas State Set-Off Program to fully reimburse the City for collection of the account through that Program.

*Stormwater Utility*

DESCRIPTION                      AMT/UNIT

There is established a Stormwater Utility, the purpose of which is to assist the City in its responsibility for the operation, construction, maintenance, and repair of stormwater drainage system facilities to provide adequate systems of collection, conveyance, detention, treatment, and release of stormwater and the reduction of potential hazards to property and life resulting from stormwater runoff.

<b>Stormwater Fee</b>	<b>Residential</b>	<b>Nonresidential</b>
Monthly Fee	\$3.00	\$6.00

**PUBLIC WORKS**  
*Sewer Utility*

**DESCRIPTION**

**AMT/UNIT**

There is levied on each sewerage system user having any sewer connection with the sewerage system of the City or otherwise discharging sewage, industrial waste, or other liquids, either directly or indirectly into the City's sewerage system, a sewer service charge. Subject to the exceptions provided in this chapter, such charge shall be based upon the quantity of water used in or on the premises as the same is measured by a water or sewage meter or meters approved by the City. Additional charges for extra strength sewage, toxic pollutants, and sewage monitoring will be levied where applicable.

The monthly charges for residential and public customer classifications shall be based on the average monthly billing of water usage during the calendar months of January, February, and March billing cycles. The billing of April of each year shall first reflect the base usage so determined. Commercial and industrial charges shall be based on one hundred percent of monthly metered water usage. New residential sewer customers will be assessed a minimum of 4,000 gallons sewer average until a three month average over January, February, and March billing cycles can be established. Customers may request one recalculation of the sewer average based on the most prior consecutive three months usage prior to the request.

**Sewer Service Rate. The following rates are established for all customers for use of the City's sewerage system:**

	2014	2015	2016	2017	2018
<b>Base charge. (includes first 2000 gallons)</b>	19.89	20.29	20.69	21.11	21.53
<b>Per thousand gallons (over 2000 gallons)</b>	3.72	3.79	3.87	3.95	4.03

Upon application to the Public Works Department for a sewer tap, a fee of Four Hundred Dollars (\$400.00) shall be paid by the applicant for any such tap up to six (6) inches in diameter. All taps above six (6) inches will be charged for on the basis of actual materials and labor used, plus fifteen percent (15%) for supervisory and administrative costs. All taps and connections made to the sewerage system shall be made by authorized City employees.

<b>Connection fee (see above)</b>	\$400.00/per tap
-----------------------------------	------------------

A. The City shall accept septic tank sewage at the wastewater treatment plant by licensed contractors with a valid permit for Cowley County. Each load (<1,500 gpm) shall be accompanied by a fifteen dollar (\$15.00) fee. At the wastewater treatment plant superintendent's direction, the following items may be required prior to accepting the load:

1. A manifest form;
2. A pH analysis;
3. A sample obtained for a seventy-two (72) hour holding period; and
4. Physical characteristics of the sewage;
- 5 Application for private disposal.

B. The City reserves the right to deny any dumping if it reasonably believes the sewage may be harmful to the City's wastewater treatment plant or the City's compliance with NPDES permit.

# PUBLIC WORKS

## *Sanitation Utility*

DESCRIPTION

AMT/UNIT

The following rates and charges for the collection and disposition of garbage and trash, as contained in a polycart issued by the City, from the public street or alley right-of-way (without the collector entering upon private property) are established and fixed as follows:

### Rates and Standards for Residential Sanitation Containers.

A. Single Family Dwellings	\$18.44/mo
B. Multiple Family Dwellings (Per Unit)	\$18.44/mo
C. Trailer Courts (Per Unit)	\$18.44/mo

Trash carts are the property of the City and each cart should stay at the address it was delivered. The City is responsible for the maintenance and repair of the trash carts. However, the City will charge the owner or occupant a fee for any necessary repair or replacement due to the owner's or occupant's abuse, misuse or neglect of the cart. The replacement fee for each trash cart is \$50.00.

Customers who require an additional trash cart for the provision of services is \$9.22 per month.

### Rates and Standards for Commercial Sanitation Containers.

A. The following monthly base rate shall apply to refuse collection and disposal from approved commercial type containers capable of being served mechanically by City refuse vehicles:

Collections Per Week

B. Rates for multiple containers shall be computed as follows: The base rate shall be classified in regard to the largest container size, with additional containers being charged at the rate of Fifteen dollars and eight cents (\$15.08) per cubic yard capacity per collection day. Negotiated rates for special pickup shall be adjusted in the same proportion as scheduled rates.

In addition to the foregoing refuse rates, commercial customers may enter a rental program for approved refuse containers wherein the City, as owner, shall be responsible for their maintenance, repair and replacement, based upon the following monthly rental fee schedule:

Monthly Fee Schedule

Container Size (cubic yards)	
1	\$ 7.37
1.5	\$ 8.00
2	\$ 8.68

1	\$ 25.29	\$ 49.25
2	\$ 31.50	\$ 61.65
3	\$ 37.75	\$ 74.05

Commercial refuse rates to service "dig-out" boxes, cages and other manually serviced refuse containers: The following monthly rates shall apply to commercial and business establishment refuse collection and disposal from boxes, cages and other manually serviced containers, other than standard, approved thirty (30) gallon containers or City issued cart(s):

Dig- Out Fee	\$1.20/minute	
--------------	---------------	--

**Standards for Commercial Sanitation Containers**

All commercial containers shall be maintained in a condition satisfactory to provide for safe and sanitary containment of refuse prior to pickup by City crews. At a minimum the container(s) must meet the following minimum standards:

- a) The container attachment points shall be in sufficiently good condition to assure that the container can be safely pickup up by City crews with the packer truck loading device.
- b) The container shall have a lid or lids to repel rainwater, flies, or other vectors from getting into the refuse located in the container and to limit odors emanating from the container.
- c) The container must have all rollers in good working condition to allow City crews to move easily the container for proper pickup positioning.
- d) The container must be located on a paved pad adjacent to the alley to allow the container to be moved easily for proper pickup positioning.
- e) The container walls and floor must be in satisfactory condition to contain refuse without seepage.

f) The container must be maintained to prevent rust from occurring on the exterior of the container and must be periodically repainted to prevent them from becoming unsightly, except such maintenance requirements shall be waived if the container is kept on private property inside a privacy fence, preventing viewing by the traveling public.

2) Any customer found by the Director of Public Works or his designee to be in violation of the Standards for Commercial Sanitation Containers, as listed above, shall be issued a written Notice of such violation. The Notice shall be personally delivered to the customer or shall be sent Certified Mail, postage prepaid, return receipt requested, and such Notice shall state:

a) The condition which has caused the violation; and

b) That the customer shall have ten (10) days from the receipt of the Notice to abate the violation or make plans satisfactory to the Director of Public Works for the abatement of such violation.

c) If the customer should fail to make the repairs or respond within the time limitations provided, the City shall proceed to make the necessary repairs or, if necessary, replace the container and the costs expended thereof shall be added to the bill of the customer for water and other municipal services and be collected as a combined bill for such municipal utility services.

3) Any commercial refuse customer utilizing a trash compactor or requiring special or unusual service, including but not limited to special collection hours, abnormal number of collections or refuse volume, abnormal or unusual refuse characteristics or special refuse containers, shall be charged a fee based upon cost of collection and disposal and any administrative or other costs attributable thereto.

Any non-household refuse or other item unsuitable for collection by regular refuse service or special flatbed service may be collected by the Sanitation Department upon the customer making a request therefor in the office of the City Clerk and paying in advance special fees, a minimum of Fifteen Dollars (\$15.00) plus labor and equipment charges, as determined by the Superintendent of Public Services.
